INFOR AND MICROSOFT

WHAT YOU'VE BEEN WAITING FOR.

Like many companies, you probably spend time questioning whether the technical direction you're following is the right one. Can you trust your technology? Will your technology grow with your company? Will it have the legs to go the distance?

You don't have to worry with Infor™ and Microsoft®. We've joined forces so you can trust where you're growing—today, tomorrow, and beyond.

LEVERAGE EXPERIENCE.

Microsoft has a long history as a technology leader. Their systems and software are in use in virtually every private and public organization around the world. Chances are good you've already got an investment in Microsoft technology within your own organization.

Now add Infor to the mix. You get a company with years of experience delivering business-specific solutions that solve your critical business issues. We work in your industry, so we know what problems you face—and we're eager to solve those problems.

GET BUSINESS SPECIFIC.

Everyone knows Microsoft Windows® technologies. Now, with Infor and Microsoft working together, you'll be able to install applications with ease because Infor business applications are Windows-ready and designed to run on most existing systems.

With Microsoft and Infor working together you can:

- ▶ **Trust where you're growing.** You're connected to leaders when you're connected to Infor and Microsoft. You're getting an interface you know and technology you trust, along with depth and breadth of industry knowledge. From two companies whose products you rely upon ... every single day. You get the technical elements you need to grow your company—from the desktop to the cloud, to the extent of your ambitions.
- ▶ **Tailor your uniqueness.** Your business isn't the same as anyone else's. You need to be able to make changes to your systems as your business evolves, and you need to do that without spending a bundle on outsourcing. Add Infor's business solutions, and you get easy-to-customize systems that solve your real business problems.
- ▶ **You already know what to do.** You already know how to use Microsoft technology. Now you'll know how to use Infor's business solutions. With Infor solutions running on Microsoft, you get a unified user experience, where your application navigation looks the same. Your team gets up and running quicker and your job gets easier. No outsourcing every time you need to make a change. Your applications are quicker and easier to deploy and use, because you already know what to do.

SEE RESULTS NOW.

With Infor and Microsoft, you get the business-specific solutions you need on the technology platform you already know and trust. It's just what you've been waiting for.

- ▶ Unify your user experience to increase adoption and satisfaction.
- ▶ Deploy, manage and customize solutions quicker, easier, and cheaper.
- ▶ Draw from your in-house talent or from the deep Microsoft-trained talent pool for all your support needs.
- ▶ Reduce your points of failure by adopting stable, proven technologies.
